Indicator 3. English Language Proficiency, Grades K-12

Source: Reports in the Texas English Language Proficiency Assessment System (TELPAS)

□ For federal accountability under Title III, Part A, of the No Child Left Behind (NCLB) Act of 2001

NCLB mandates that each State conduct annual assessments to demonstrate the progress of LEP students. Texas assesses Kindergarten through Grade 12 in the domains of listening, speaking, reading, and writing. Beginning in 2005, TELPAS results have been used in the accountability measures required by Title III. These measures are called the Annual Measurable Achievement Objectives (AMAO) for limited English proficient (LEP) students. Reading is measured by the Reading Proficiency Tests in English (RPTE). (Texas Observation Protocols (TOP) measures the other three areas).

- For State Accountability, TEA will add a new inidicator, perhaps 2009. The English Language Learner Progress Measure will report the percentage of current and monitored LEP students who meet any of three criteria:
 - 1. Meets the student passing standard on the TAKS English Reading/ELA test, or
 - 2. Meets the student proficiency level on the RPTE based on years in US schools for first-time RPTE testers, or
 - 3. Shows progress on the RPTE from the prior year for previous testers.

Indicator 5. Student Success Initiative (SSI)

Source: TAKS Cumulative Summary Reports

Enacted by the 76th Legislature (1999), the goal of SSI is to ensure that all students can perform at grade level at specific grades before they

take the exit-level tests in Grade 11. SSI grade achievement requirements were first applied to the Grade 3 Reading in 2003. As specified by

these requirements, a student may advance to the next grade level only by passing these tests or by the unanimous decision of his or her grade placement committee that the student is likely to perform at grade lvel after additional instruction.

Indicator 9. Mandatory Expulsions (Expellable Offenses)

Source: Student Disciplinary Action Summary Edit+ Report from Summer PEIMS Submission to TEA (Taken from the Code 165, Discipline-Source-Action-Reason-Code table)

Note: Indicators used by TEA to identify schools as "persistently dangerous" and required to implement the School Safety Choice Option (a parent transfer option) under NCLB, except PEIMS Codes 12 and 46-49 for 2004-05 and 2005-06 (marked with *). The selection criterion was three incidents per 1,000 studntss in each of the three most consecutive years for which data are available.

The methodology for identification changed in July 2007 beginning with 2007-08. Codes 12, 46, 47, and 48 (marked with **) were added. The new selection criterion for schools with 200 or more students is the number of mandataory expellable incidents per year equal to 1% or more for the three most recent consecutive years for which data are available.

Note: Cells in the chart below show total number or incidents (not students) reported in PEIMS.

Any district that receives federal Title I funds and does not have 100% of all core academic subject area teachers meeting the highly qualified requirements as of the end of the 2005-06 school year, must have a highly qualified teacher plan on file for each campus that is not at 100% (regardless of whether that campus is served with Title I funds or not). The US Department of Education extended the deadline of 100% to the end of the 2006-07 school year.
